

This date. January 24, 2000. Rev. Randel Hisaw called the Archives and stated he had found a monument that evidently came from burial place that was on his farm. He has 16 acres on the Homestead and Experiment Station road.

He stated the marker had the name Flora McDonald. born 4/17/1842 and died Jan 1, 1892.

This location is very near the Old Marion Cemetery.

He is very interested in that something could be developed from this.

His telephone number is 482-0485. He said to let it ring a long time, if the did not answer directly.
